

MALAWI

Mission Update

July 31, 2022

Hello Everyone!

We pray this update finds you well.

Despite how busy Navincha is, we are very encouraged at the faithfulness in Machinjiri. The Bible study group still meets at his house, even when he is out doing ministry things. Please continue to pray for him.... that God would bless his faithfulness and that he would not grow weary.

The church being built

The church in Goliat is also doing well. Navincha checks up on the few faithful members often; as close to every week as he can. Pray that more members will join and also be found faithful.

We are praying for God to provide properties so that we can build our own buildings as we plant churches.

Chisomo at school

build. The church went up quickly! It is made of poles and is grass thatched, but will do the job for now. They have even already begun meeting as a church there. This will also be the site for our food education and leadership conference the third week of August. Pray for these two programs, please. May they be very successful and progressive for the Kingdom.

Navincha was able to visit Chisomo at his school. Chisomo was very much encouraged and was found to be studying hard! Always feel free to ask how to sponsor his studies, or even other students and orphans, if you like. He is one of three students the ministry currently sponsors. Please continue to

It is not always easy to keep up with so many rentals, or to escape rain when some just meet under the mango tree.

This would also help our newest church in Mozambique! We are excited that we have finally and officially planted the church in Mozambique. They do meet under a mango tree. We are hoping to have a shelter solution for them before rainy season in November.

We are also so very grateful to have found a land in Thekerani, thanks to Navincha, and have been building a church there! We are so blessed that the land is vast and we are full of hope and expectation for that property. The church members cheerfully and faithfully have been working on the

Food being received

pray for Chisomo that he would succeed in school and even be able to be chosen to attend university in a couple years.

Thank you to all who donated and took part in prayer in our food distribution program! We have done the first distribution. The church in Thekerani is so grateful. They were full of praise and testimony before the Lord. The hunger issue in the area is worse than we had even anticipated. We have received reports that churches in the city have begun to pray for this region because of the truly life-threatening hunger there. We are so blessed to be able to be on the front line. It is unreal to be able to see lives both physically and spiritually saved. In fact, some of our church members had eaten nothing for days, and now were receiving a miracle!

God be with you all,
Leslie
