## Mission Update

### March 19, 2024

Joyous Greetings!!

We want to invite you to enjoy the time you would spend reading this update to pray along with us for different projects and goals for this year.

We have been praying this year for expansion. A lot of this is for us to be evangelistically minded.

Dear God,

We pray for the ministry, that You would allow it to reach further, go deeper, open the door of the Gospel to many people that otherwise would not have it. We pray for Your Kingdom to be expanded through many successful outreaches and church plants and programs. Give us a bigger vision for all of these projects. We are trusting You for the provision for all these projects. We praise You in advance for Your faithfulness and goodness for these projects. Thank You. You deserve all the glory and honor.... You are holy.

We pray for the region of Thekerani. We pray, first of all, for Pastor Victor Namasenda. Please bless his home abundantly... may he never have need for food, clothing, or other necessities. Please give him discernment in his new business venture of selling oil. Keep his home safe despite any wind or rains that can come, because we know that he truly is founded on the Rock. Please give him wisdom and discernment as he shepherds some of the most stubborn and needy people. As they sometimes lash out against him, and persecute him, may You convict their souls. May mindset change and true Gospel freedom be found in that church, in Jesus' Name.

We pray for the people of Thekerani as they struggle with hunger from year to year. May we know how to handle this issue.

Bring Mr. Gologoda's soul back to the fold.

Thank You for Chisomo Kandiado. May he be able to serve You faithfully and never wander from You.

Thank You so much that Gloria can be learning. Bless her studies and make her future bright.

We pray now for Nsanje. We pray for Joseph as he serves You there. Thank You so much that that branch is flourishing and growing. As it prepares to do evangelism, make them successful... be their strength and power. May we reach Mozambique through them. May their fruit become more and more abundant.

Thank You so much for the children's ministry that takes place in Nsanje. Give the teacher strength and perseverance. May more of our branches have children's programs!

We pray for our branch in Mulanje. Thank You for the boys that take turns traveling and preaching there. Be their boldness as they have been threatened. May Your presence be so very evident. May the women who have been gathering there bring even more women. May we see growth.

Thank You for Your healing that our women in Mulanje keep experiencing... for conception, and now for another testimony from one of the Muslim women that her child was healed from TB because she held tight to the mighty and holy name of Jesus, and claimed His LIFE over her child over and over.

Be with the husband that threatens to take machetes after these boys, that he will be convicted of truth. May these boys, if they ever meet him, that they will be bold enough to stand up to him, and to rebuke any evil spirit that may be attacking them through him. Protect them always!!!

We pray for Bvumbwe. We pray for Mack and Myson who are there, and for Leonard who is at school, but makes effort to often be there, that they will grow as leaders and be strong. As they travel and encourage other branches, and as they oversee the branch there in Bvumbwe, that they will be able to raise up the next generation of pastors and leaders. Give them wisdom, meekness, humility, words of love, kindness, and grace, and discernment.

We raise up Myson specifically, as our treasurer, that as he handles so many responsibilities and details that he will not grow weary or overwhelmed, but will flourish.

Be with Mai Dzuwa, who has recently taken on a women's ministry head role, that though You do not always call the qualified, but qualify those who are called, that she will rise up to the responsibility that she has been specifically chosen for. Help her as she receives guidance from us, that she will also seek it from You. Help her be faithful and strong enough to handle all we ask her to do. May women's ministry be something that is very successful in our ministry.

As we think of future branches, Father, be preparing hearts right now, as we prepare to go harvest them for Your Kingdom. We thank You so much that we have the opportunity to carry Your Gospel... Your Truth to people who need it... to those who are seeking, even though they don't know they are seeking, because they NEED You. They need stability, care, understanding, conviction, confrontation, life-changing.

Thank You for the testimony that has recently come to us out of Malonje. That as our boys went there and carried Your powerful Truth, a woman was convicted and stopped brewing beer and selling tobacco from her home. Though it means she sometimes struggles financially, she still gets to see freedom in You. You alone are worthy!!! You deserve the honor and the glory. We praise Your Holy Name.

We ask that You will provide a land for us to have a farm, and that You will bless every person who has endeavored to help us in this task. We know it is from You. Bring a land that will overflow with blessing and bear fruit overabundantly. We praise You for it. Keep guiding us. Add to our wisdom and discernment and guide us in all the next ways and things that we should do. We praise You and we love You so much,

In Jesus' Name.

Amen

Thank you to all who have been praying. Remember, you can sign up as a prayer partner on our website.

Sorry for the lack of pictures this time... we will do our best to get more for you next time. The lack of quality phones and the expense of data can be some of the obstacles our photos meet. At least we got a new family photo!

In Christ.
